

Designed to provide superior protection and durability, the ActivGrip® Kunai gloves boast a very high cut resistance level thanks to their nitrile double coating and HPPE with steel liner. MicroFinish® provides an excellent overall grip and abrasion resistance.

The innovative design offers excellent oil grip and abrasion resistance, making these gloves ideal for tasks that require precision and dexterity. The 18G liner ensures that the gloves are lightweight and flexible, allowing you to work comfortably and efficiently without sacrificing safety.
